**Joe and Rusty**

Joe and Rusty are still going strong traveling. It becomes part of you and is fun as we start another new year. The first recorded celebration of New Years was by the Babylonians and the time was in late March at a time with new growth as they prepared to plant the next years crops. In 46 B.C.E. the Roman emperor Julius Caesar changed this to January 1 as New Year's day. During this Roman time period New Year's resolutions started. Initially they were plans stated to do good morally into the future. When the Roman Empire adopted Christianity as its official state religion in the 4th century, the New Year's resolutions were replaced by prayers and fasting.

**The year of the LORD**

I do not know if making New Year's resolutions are scriptural. I do know that I can do all things through HIM who strengthens me. Perhaps this is a better interpretation for a New Year's resolution-to make Jesus your New Year's (re-)solution. HE is more than a resolution, HE is the solution to all our questions if we only take time to listen. We continue to share the Word of God to all that are seen in the Life Clinic in Dallas. The response is so open, many are seeking truth and want peace-HIS peace. We are still looking for volunteers to deliver medical care. Feel free to contact me or someone involved at Life Clinic IV. You will be blessed and unable to avoid smiling. It is contagious there as you feel God moving.

**Students in clinic**

The Dallas, Texas, RMO Life Clinic IV is going into the ninth year and continues to grow. We are adding a Saturday per month and hope to make that every Saturday. The need is there. Students are coming to learn and we hope to add enough hours to the clinic to become a teaching facility in primary care, to encourage more medical team members.
